

Try Your

The Hardest Math Problem Contest

Solve real-world problems.
Showcase your math skills.
Compete for awesome prizes!

Show your students that math is about more than just numbers with this real-world problem solving competition for grades 5-8! The Hardest Math Problem Contest combines mathematical reasoning with writing skills to challenge students with relevant, engaging, multi-step story problems. Winners receive a new laptop, \$3000 toward a 529 college savings plan, and teacher gift cards!

REGISTER FOR FREE THIS FALL

The 2023-24 Hardest Math Problem Contest is open for registration September 18th, 2023 on our brand new website. Scan the QR code to check it out if you've participated in the past, or to learn more if you haven't! Plus, get a head start with our interactive practice tool, past problems, and other helpful math resources.
