Bob Glavan

Bob Glavan, Curriculum Consultant and Instructional Coach at ESC of Northeast Ohio, brings over 30 years of experience to the field of STEM education. He taught high school science before joining the ESC in 2015. Bob has led regional curriculum scaffolding workshops, worked as an instructional coach, and co-founded the NEO Science Specialists Network. His work centers on deepening alignment with state standards, elevating classroom rigor, and integrating inquiry-based learning, 21st Century skills, and project-based STEM instruction.

Effective Leadership Academy

ELA is a local nonprofit dedicated to helping individuals develop their most valuable asset: themselves. Through research-based programming centered on teamwork, communication, critical thinking, and workforce readiness, ELA equips participants with the leadership and success skills needed to thrive in school, work, and life. Since 2008, ELA has empowered more than 62,000 students across 250+ schools and community organizations.

Let's Teach Science, Math, and Everything Else Differently!

9:00-11:00

In this exploratory session, educators will immerse themselves in VR to transform abstract STEM concepts into intuitive, first-person experiences. We will step into virtual environments where kinesthetic engagement fosters discovery learning. By bridging spatial computation with core curricula, this workshop highlights how Prisms VR deepens STEM engagement.
